Hello to all our members and partners,

We had a great Buddy Walk, (14 October) at the Bowling Green Ballpark. I want to thank all who helped raise funds and awareness for our organization this year. As most of you know the Buddy Walk is our largest fundraiser of the year and it allows us to provide programs and outreach to the communities. On the inside page of this newsletter, you will find information about our 2017 Walk.

We are working hard to expand programs that reach all individuals and families within the BRADD region and we held our first membership meeting in Glasgow this September to reach those who have trouble making our meetings in Bowling Green. We will continue to provide quality services and outreach within the BRADD region for all individuals with Down syndrome and their families, however in-order to reach everyone we need for you to update your address and phone information with us. Please email us your updated information so we may keep you informed of all we are doing.

Our office is currently open Monday – Friday from 10:00am until 2:00pm. Our phone number is 270-796- 5002. You can call to make an appointment if you can't come by during business hours for a tour or if you have questions. We are here to help!

Greg Hudson

Jammerz

WKU Nurses

Because of the funds raised at our Buddy Walk®, contributions and donations, south central KY has one of the few facilities in the USA dedicated to programs for individuals with Down syndrome from a prenatal diagnosis through the lifespan of the individual. At the Buddy House, DSSKY carries out its mission to support families, maximize the potential in all individuals with Down syndrome, while advocating in our communities.

DID YOU KNOW

eight of our adults are participating in a research study at the University of Kentucky?

They are participating with 85 other adults in the 5-year study to help scientists learn about aging, dementia, and Alzheimer's disease in Down Syndrome.
